**COMMENTS INVITED ON APPLICATION OF WORLDCOM, INC.  
TO DISCONTINUE THE PROVISION OF WIRELESS COMMUNICATIONS  
SERVICES RESOLD ON THE SPRINT PCS NETWORK**

**WC Docket No. 02-215**

**Comments due: September 4, 2002**

On August 9, 2002, WorldCom, Inc. ("WorldCom"), on behalf of certain of its subsidiaries that provide mobile wireless services, WorldCom Wireless, Inc. and MCI Wireless, Inc., filed an application with the Federal Communications Commission ("Commission"), requesting authority under section 214(a) of the Communications Act of 1934, as amended,<sup>1</sup> and section 63.71 of the Commission's rules,<sup>2</sup> to discontinue WorldCom's offering of resold mobile wireless services carried on the Sprint PCS ("Sprint") network to some of WorldCom's mobile wireless resale customers provided service via the Sprint network.

WorldCom requests discontinuance authority because it is in the process of exiting the business of providing resold wireless communications services, and it intends not to provide resold mobile wireless service carried on the Sprint network to customers after September 12, 2002. WorldCom states that substitute services are available from other mobile telephony providers, as well as Sprint, in the relevant regions.<sup>3</sup> Thus, WorldCom asserts, the public convenience and necessity will not be adversely affected by this discontinuance.

WorldCom requests discontinuance authority with respect to approximately 55,000 subscribers

<sup>1</sup> 47 U.S.C. § 214(a).

<sup>2</sup> 47 C.F.R. § 63.71. Under the Commission's rules, commercial mobile radio service (CMRS) providers are not required to seek authority to discontinue service. *See* 47 C.F.R. § 20.15(b)(3). WorldCom states that it filed the subject application "both out of an overabundance of caution" and to provide customers "greater notice than is required by the Commission's rules." Section 63.71 Application, filed August 9, 2002, by WorldCom Inc., at 1 n.1 ("Section 63.71 Application"). For further information on procedures regarding Section 214, please visit [http://www.fcc.gov/web/cpd/other\\_adjud](http://www.fcc.gov/web/cpd/other_adjud).

<sup>3</sup> The letter that has been sent to WorldCom's customers utilizing the Sprint network states that WorldCom has reached an agreement with Liberty Wireless to assist in transitioning its customers to a new wireless service. The transition to Liberty Wireless, however, is not automatic. The customer has to contact Liberty Wireless and complete Liberty Wireless' application process.

throughout the continental United States for which Sprint is the underlying carrier.<sup>4</sup> WorldCom states that the customers have been sent notification of its intent to discontinue service and will have until September 12, 2002 to find another wireless provider before losing service. WorldCom indicates that the decision to exit this aspect of its wireless communications services business will not impact any other service that these or any other customers currently receive from WorldCom, MCI or any other WorldCom affiliate.

In accordance with 47 C.F.R. § 63.71(c), the application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this notice, unless the Commission has notified WorldCom that the grant will not be automatically effective. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a “permit but disclose” proceeding for purposes of the Commission's *ex parte* rules.<sup>5</sup> Pursuant to Sections 1.415 and 1.419 of the Commission's rules,<sup>6</sup> interested parties may file comments on or before **September 4, 2002**. Such comments should refer to **DA 02-2058** and **WC Dkt. No. 02-215**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service.

Under the Commission's current procedures for the submission of filings and other documents,<sup>7</sup> submissions in this matter may be filed electronically or by paper.

- **If filed by ECFS,**<sup>8</sup> comments shall be sent as an electronic file via the Internet to <http://www.fcc.gov/e-file/ecfs.html>. Generally, only one copy of an electronic submission must be filed. If multiple docket or rulemaking numbers appear in the caption of this proceeding, however, commenters must transmit one electronic copy of the comments to each docket or rulemaking number referenced in the caption. In completing the transmittal screen, commenters should include their full name, Postal Service mailing address, and the applicable docket or rulemaking number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, commenters should send an e-mail to [ecfs@fcc.gov](mailto:ecfs@fcc.gov), and should include the following words in the body of the message, “get form <your e-mail address>.” A sample form and directions will be sent in reply.

<sup>4</sup> WorldCom's Section 63.71 Application states that this discontinuance of service will affect the “United States, except Alaska and Hawaii.” Section 63.71 Application, at 2. Through subsequent conversations with WorldCom, it has been determined that the discontinuance of service to customers utilizing the Sprint network affects the continental United States and will not affect any United States territories.
